Allowable Subject Matter

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant has previously overcome the rejection of the Neubauer reference by demonstrating in the declaration filed 12/6/2005 that the material does not inherently meet the instant claim limitations as asserted by the examiner. A new rejection over Serikawa et al was formulated in the previous office action, however, applicant has filed an English translation of the foreign priority document of the instant application demonstrating that the material claimed is supported by the priority document and thus given a date of 9/17/2002, before the earliest date of Serikawa (3/19/2003). Therefore, the rejection over Serikawa et al has been dropped. An updated inventor name search and search of the prior art has been performed, however, no new relevant art was found, and the instant claims 1-8 are now allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amanda C. Walke whose telephone number is 571-272-1337. The examiner can normally be reached on M-R 5:30-4.
